Ryzex is passionate about bringing you the solutions you need to get the most out of your technologies. That's why we provide true multi-vendor, multi-generation support for all your barcode, data collection, RFID, POS, and wireless equipment.

With our FullUse® suite of data collection services, you can do more than simply stock up on media supplies – you can also repair malfunctioning devices and take advantage of our special programs.

Our free printhead replacement program is ideal for any environment running more than five printers over six hours a day. Participate in this program and avoid unnecessary costs of purchasing additional print heads.

PRINT HEAD REPLACEMENT

» **Intermec Labels and Ribbons**

Available when genuine Intermec media, labels and ribbons are used in Intermec printers.

» **Provide Ryzex a List of Printers**

Let us manage it for you, simply provide Ryzex a list of your Intermec printers including the model number, serial number, and DPI of the printhead.

» **No Need to Send in Your Old Print Heads**

Send a print head replacement form to Ryzex for delivery of a free printhead direct to your facility.

» **No Contracts!**

No contract is necessary. Simply purchase over 1 million linear inches/25km of Intermec media from Ryzex with a blanket purchase order. Notify Ryzex at least 90 days before you wish to discontinue the program.

For more information on printer and media solutions, or for a professional evaluation and product recommendations from Ryzex, call us today at 800.999.2995.
