

Honeywell® Batteries HCH-70-HST

Maximize the Performance of your Symbol® MC70 data collection terminal with the Honeywell® Batteries Powered Holster.

The HCH-70-HST is a wearable holster which provides an additional 4000 mAh of capacity to the Symbol® MC70 data collection terminal.

Features:

- The MC70 Holster continuously charges the MC70's internal battery allowing the device to run up to 3x longer!
- The MC70 Holster is comfortable with an ergonomic design.
- The MC70 Holster can be conveniently charged by simply plugging it in with the included charging cord. Plus it charges the internal battery as well eliminating the need for separate expensive chargers.

Specifications:

Cell Manufacturer: Honeywell NeoCell™ Energy
Chemistry: Lithium Ion Polymer
Voltage: 4.2 V Nominal
Capacity: 4000 mAh

Dimensions:

Length: 5.63 inches (143.00 mm)
Width: 3.46 inches (87.88 mm)
Thickness: 1.57 inches (39.88 mm)
Weight: 0.035 lb (0.16 kg)

Symbol is a registered trademark of Motorola.

About Honeywell® Batteries

Honeywell® Batteries are engineered for hand-held bar code scanners/mobile computers, portable printers, two-way radios, and uninterruptible power supply systems (UPS). We also produce a line of intelligent battery chargers and we design custom applications for clients' specific mobile power needs. We are proud to be a leader in Mobile Power Technology, design and development.

The cornerstones of our business are product quality, customer service, immediate availability and attractive pricing.

We look forward to serving you.
